## **MISSION**

Sea7® aims to create a niche for itself in the market of battery, solar & water pump product. We aim for that with the help of our dedicated team of professional and with application of latest technology, we could bring innovation in the productivity of our nation.

## **VISION**

Sea7® is a leading company offering wide range of pumps, batteries & solar to take care of all your needs. Our product are durable, highly efficient, compactly designed, economical highly operational and curated with high quality material.

## **TUBULAR BATTERY TROLLEY**

UPS Trolley is also known as battery cover or case, it safe and made from long lasting material. It provides home an elegant look, stops damage of flooring from acid spillage therefore protecting the environment and provides safety to children. UPS Trolley makes your whole setup of UPS power backup for home , a single unit with special place for each component; battery is kept inside trolley and UPS is placed on top of it, thus taking less space.

- Premium Quality, Easy to Fit
  - UPS can be Placed on Top of the Trolley
  - Single battery Trolley can be used for both Short/Tall batteries
  - Available in options of Grey and Milky White Colors.
- Double Battery Trolley also available.
